She sees things in the ceiling of the bedroom, such as faces. These faces spew out something like ash and dark bugs, which tend to follow the client around and often bite her. She said she saw these on the night of the investigation.

PARTICIPANTS: BESS MAXWELL, KIRK CORMIER, SUSAN COLEMAN, and CONNIE WILLIAMSON

EQUIPMENT: Digital Cameras, Infrared cameras and DVR system, Digital audio recorders, Ion Counters, P-SB7 Spirit Box, Infra-sound detection equipment, Digital thermometers, Various EMF meters including Tri-Fields, Motion detectors including geophone and laser grid systems, Ovilus interactive voice communications device, and digital sound recorders.

INVESTIGATION: At the time and places tested, no anomalous photos were taken. No data was noted on video. Nothing unusual was detected by laser grid or geophone. No high EMF fields from AC current were found in any location likely to result in prolonged exposure, although there are some areas of high EMF fields from wiring. No anomalous hot spots or cold spots were noted. No anomalous motions were noted. No standard EVP voices was recorded. One recordings was noted of words formed by the P-SB7.

PART ONE

THE MODEL P-SB7 SPIRIT BOX

This device utilizes a milli-second adjustable forward or reverse sweep technique coupled with a white noise distribution between frequency steps. This is designed to add ambient sound energy for the production of real time EVP, allowing for instant feedback in communications attempts. See item 16 in “General Parameters of the EVP Phenomenon”.

CONCLUSION

At the time and places tested, no anomalous photos were taken. Nothing noted on video. Nothing unusual was detected by laser grid or geophone. No high EMF fields from AC current were found in any location likely to result in prolonged exposure. No anomalous hot spots or cold spots were noted. No anomalous motions were noted. No EVP voices were recorded. One recording was made of words formed by the P-SB7. We feel that the personal experiences, and the audio tests received are probably indicative of an anomalous presence or presences, though without harmful intent.

We would like to thank the clients for inviting us into their home, and for the opportunity to study the phenomena there. We would also like to thank them for their most gracious hospitality, and hope that we may be able to return there again soon.
