

# Investigation Summary Report

## Private Residence Pineville, LA

### HISTORY

Pineville was established somewhere between 1710 and 1730 and is established around the Red River. Pineville was at first French in the 17<sup>th</sup> century until the treaty of Paris in 1763. The Spanish took over Pineville in 1763 and the “White men” (or English) came to settle forcing the Indians to retreat from the East Mississippi River. Then Napoleon Bonaparte forced Spain to give The Louisiana Territory back to France. Jefferson then bought the Territory and changed it to the Louisiana Purchase in 1812 for fear of another French Revolution. Pineville got its name from the beautiful pine trees growing and overlooking the beautiful Red River. People preferred Pineville over Alexandria because of the higher elevation and the healthier climate. LSU was started in Pineville where the VA hospital now stands. It was started as a military and seminary school by Gervas Baillio, who was on the first board of the school. The school was eventually moved to where the school is now in Baton Rouge and multiplied.

### EXPERIENCES

The tenants that rent the building have been scratched and touched several times. Scissors and knives have been magnetized even with nothing around. Scissors have disappeared from being in the “usual spot”. Also have been seeing “lights” outside the building.

# Investigators Reports

Location: Pineville, LA

Date: 10/23/2020

Investigators: Grady and Brianna

Equipment used: Digital Still Camera, K2 and Mel Metter, 4 Deer Cameras, Digital Recorder, Night Vision Video Camera

We proceeded with our base line sweeps for EMF in all areas of the house. While doing the walkthrough we also took pictures. After the walkthrough we proceeded to set up all equipment in the house. We had strong and strange EMF readings off of a pair of common household scissors, spiking up to a 34.1 on the MEL meter, videos showing these spikes are very interesting. We recorded no other strong EMF readings in the house the rest of the night. We had several personal experiences of tingles and touches. We captured an EVP of unknown knocks. Another EVP of footsteps from upstairs bedroom while in the downstairs living room. A third EVP of an unexplained dragging noise. Also capture were nine unexplained orbs. These were so numerus that I am not going to try and list all of them but they are see in the video evidence with this report.

## CONCLUSION

Louisiana Spirits has pioneered so many reportedly active locations in the state. By not simply going off of haunted tales, we treat any historic location as the next potential haunting. In some cases, we walk out empty-handed, other times we don't.

In regard to the private residence in Pineville, LA, we strongly feel activity is prevalent here and we believe that with the help of a follow-up investigation, we will be able to get more evidence!
